

# PUBLIC NOTICE

## Kimball Junction ENVIRONMENTAL IMPACT STATEMENT

The Utah Department of Transportation (UDOT) is holding a public comment period for the Alternatives Development and Screening Report, which details the screening process for the alternatives (transportation solutions) that UDOT is considering. The report also identifies which alternatives are being carried forward for detailed evaluation in the Draft Environmental Impact Statement (EIS).

This report is part of an EIS that is being prepared to evaluate potential transportation solutions to improve multi-modal mobility along Interstate 80 (I-80) and State Route 224 (SR-224) through the Kimball Junction area of Summit County.

UDOT is asking for public input on the alternative screening process in the report, the initial impacts analysis, and the alternatives advanced for detailed evaluation in the Draft EIS.

### COMMENT PERIOD FEB. 26 - MAR. 27, 2024

Comments may be submitted through the website, email, written letter, voicemail, or text message

*Individuals without internet access or needing accommodations including but not limited to translation, captioning, reviewing materials or submitting comments should notify the project team at 435-255-3186 or [kimballjunctioneis@utah.gov](mailto:kimballjunctioneis@utah.gov) by March 18, 2024.*
